How it works

1. Add the original to your firm's shared secure folder

Private to your team and our translators. Your first document goes through the form at azglobaltranslations.com/for-law-firms.

2. Page count and price back within the hour

Most requests are answered within 30 minutes, so the client can be quoted from your desk.

3. Translations land in the same folder

A certified PDF for filing and an editable DOCX, itemised by matter on one monthly statement.

Send us your next document free. One document, no charge, no contract. If it goes through cleanly, we set up your firm account: a shared secure folder and monthly invoicing. Start at azglobaltranslations.com/for-law-firms
